## PARENT TEACHER ASSOCIATION ACTIVITY REPORT

### SESSION 2024-25

The P.T.A. of the school is active, dedicated, proactive and vigilant towards safeguarding the interests of the students. It actively plays an important role to monitor the working of the school in its areas of jurisdiction. The team members not only strive very hard to ensure safety and security of the students but also actively participate and cooperate us in organising different events, social and environmental activities.

This year on the 'World Environment Day', the PTA along with the 'ECO CLUB' planted saplings. The members also had a discussion on the provisions laid down in the NCPCR on the safety and security of children in schools. The members were also sensitized on the provisions laid down on POSCO Act.
